

“Well, there you have it. I’ll call Robert to come and take my order. We can eat anything we want. I knew there had to be a loophole!” I exclaimed.

“Well hold up now, let’s examine this further. In **ACTS 10:17** Now while Peter doubted in himself what this vision which he had seen should mean, behold, the men which were sent by Cornelius had made enquiry for Simon's house, and stood before the gate,” the gentleman smiled as he continued “the common and unclean was referring to the men that came to see Peter, Elohim (God) was not speaking about food” **Acts 10:28:** ²⁸And he said unto them, "Ye know that it is an unlawful thing for a man who is a Jew to keep company with or to come unto one of another nation. But God hath shown me that I should not call any **man** common or unclean”. “It’s stated right there in that verse what the vision was referring to, Elohim said you should not call any **man**, not **food**, common or unclean. You see, the men that came to enquire of Peter were Gentiles, they were sent by Cornelius, the Italian. **ACTS 10:1** There was a certain man in Caesarea called Cornelius, a centurion of the band called the Italian Band.

“As far as secular material goes, there have been numerous studies done about digesting unclean foods. In particular, [The New England Journal of Medicine April 27, 2000; 342:1250-1253](#), did a case study about a 12 year old boy who was ill. The culprit turned out to be a chitterlings-contaminating bacterium known as

Clostridium Perfringens Type C, which produces a toxin that is lethal to tissue in the digestive tract. Even cooking the chitterlings, however long, may not rid them of bacteria. “the gentleman explained.

“Wow, this is really an eye opener. I know that GOD has my best interest at heart for my spiritual development. I now know HE has my best interest at hand for my health and well-being. It is also obvious from the secular material that it is confirming what is in the Word of GOD”. I was all choked up with this new knowledge. The cliché “Eat Well and Live” finally made sense.

I motioned for Robert the waiter to come over. With his pen and pad ready to take my order, he asked, “what can I get you madam,” choosing my words cautiously, I answered him, “after viewing your menu through the eyes of GOD I can honestly say, I will never again eat anything common or unclean, please have the valet bring my car”. Then I turned to the older gentleman to thank him for taking the time to explain the dietary laws to me, but he invited me to have dinner with him, his exact words were, “May I invite you to a spot that serves ‘real food for the soul?’” Before the words were out of his mouth I answered, “Yes, I would like that very much”.

I now felt a sense of peace and contentment as the gentleman and I left the restaurant. GOD has given us instructions on how to keep our bodies in good working condition. There are billions of dollars spent each year for diets. Yet GOD has given us the ultimate diet that is absolutely free, it is, a divine diet.

DIET DIVINE

It was about 7:00 p.m. on a Thursday evening. I had just pulled up to my favorite restaurant. It had been a difficult day at the office. This would be the perfect way to relax unwind and enjoy my favorite meal. The valet parked my car. As I entered, I was surrounded by many familiar faces. Robert, my favorite waiter, escorted me to my seat; I was all set to enjoy a wonderful evening.

As I nestled into my chair, I noticed an older gentleman across the room. He bobbed his head up and down and snapped his fingers to the rhythmic sounds of the musician playing the piano. Robert brought over my menu, I opened it just as a formality, I already knew what I wanted. As I focused on the menu, I realized that it had been changed, and a lot of new dishes had been added or so I thought. This is what it read:

Menu

Lobster (Land Equivalent – Roach) w/ coleslaw - \$15.95

Crabs (Land Equivalent-Opossum) w/ vegetables - \$14.95

Shrimp (Land Equivalent-Roach) w/ coleslaw – \$14.95

Catfish (Land Equivalent-Buzzard) w/ fries - & \$12.95

Oysters (Land Equivalent-Maggot) w/ vegetables - \$11.95

*Swine (The Ultimate Abomination) w/ vegetables -
\$ 10.95*

Oh my goodness! My favorite restaurant was now serving roaches, opossums and maggots? This was sheer and utter madness. I continued to stare at the menu with a puzzled look on my face, just then, out of the corner of my eye, I saw the older gentleman from across the room walked gingerly toward my table. He sat down and I began to show him my menu. He nodded and smiled.

“I see your eyes have been opened to what you are really eating” the gentleman said, in a calming voice.

“Yes, this all seems very strange.” I muttered, “You know, the other night while reading the bible, I came across some scriptures about a diet, about certain foods that we should and should not eat. However, I dismissed them because they didn’t apply to modern man”

“The scriptures are used as a guide line for how we are to govern ourselves. This includes our actions and conduct and the foods we should place in our mouths, that have been sanctified by the word of Elohim(God). The origin of these animals have not changed, so it is applicable to the modern man, therefore, they are still not acceptable for us to eat” the gentleman explained.

I listened intensely as he continued. “Let’s take the scripture **LEVITICUS 11:43**-Ye shall not make yourselves abominable with any creeping thing that creepeth, neither shall ye make yourselves unclean with them, that ye should be defiled thereby.”

“What does that mean? It simply means that our Creator knows how our body works. So it would stand to reason that he knows what should and should not be consumed by us” the gentleman continued.

“Are there more scriptures that confirm this?” I asked

“Certainly, the book of Leviticus, Chapter 11 would be a great start”. The gentleman answered.

“Oh, so this is confined to the Old Testament, what about supporting scriptures in the New Testament and secular documentation? I asked

“No, it is not just confined to the Old Testament, in fact, let’s go to the New Testament right now, and take a look at **Acts 10: 9-14**, Peter has a vision about eating clean and unclean animals”. I was clearly dismayed by this information. But he continues to debate this vision in the following verses **Acts 10:14-16** *But* Peter said, Not so, Lord; for I have never eaten any thing common or unclean. 15 And the voice spake unto him again the second time, what God hath cleansed, that call not thou common. 16 This was done thrice: and the vessel was received up again into heaven.”
